I am a **junior Full-stack developer**, I develop web apps in **Python** using the **Django framework.**

I'm also good at the **Front-end** as well as the **Back-end**, I have several projects in my GitHub account that I used my skills to create, I am still working to improve my skills and get more experience in web development and to be professional in this field until this time comes, I am studying and getting skills.

Skills

Problem Solving
Python
C++
JavaScript
jQuery
Django
Ajax
HTML
CSS
